Dear Sirs

Re: The Goole Fields Windfarm Tree Planting Fund

I write to update your Parish Council about the Goole Fields Windfarm Tree Planting Fund, and to take the opportunity to remind that you that should your Parish Council be interested in developing an application under this fund, that the deadline for submissions this year is at the end of July

There were no projects submitted within a 5-km radius of the windfarm development last year and as such there will be **£3,173** remaining in this fund for the fifth round of the grant programme which is now open.

We continue to welcome applications from both private and public organisations, including Town and Parish Councils, who wish to take advantage of the funding available. I therefore take this opportunity to inform you that the deadline for the submission of applications of grants this year is **31st July 2020**. I enclose a copy of the grant programme Guidance Note for your interest.

If it is your intention to apply for a grant under this programme, you can register online at <https://eastridingofyorkshirecouncil.flexigrant.com/default.aspx>, from where you will be able to find the relevant grant programme and all of the instructions and additional information you need to submit an application. Should you require any further information or help regarding the details that you need to submit as part of your application, or the fund in general, please do not hesitate to contact me. I will continue to update your Council on the progress of this grant programme in due course.

Yours faithfully

Stephen Robinson
Strategic Landscape Officer
